

## Guidelines for Traveling to IIT Hyderabad Campus from Railway Station/Airport

- IIT Hyderabad Campus is located on NH65 connecting Hyderabad to Pune/Mumbai. The campus main gate is on the highway (Google Maps at times takes you to the old gate which is closed).
- While coming from Hyderabad city to the campus, you will cross IIT Hyderabad main gate (on the right hand side) and subsequently you will have to take a U Turn from Kandi Junction (you will cross Kings Dhaba on the left prior to reaching Kandi Junction) to enter the campus through the main gate (Please refer to the below image depicting the directions). You will be able to see tall towers from the highway and will also be able to locate sign boards of IIT Hyderabad.
- Many auto/taxi drivers do not know the exact location of IIT Hyderabad. While explaining to them you may mention that the campus is located in Kandi (name of town), Sangareddy district. If you are traveling by bus then you may have to take a bus to Patancheru from Railway Station/Airport and then change over to a bus to Sangareddy and get down opposite to the campus main gate on NH65.
- Candidates/Parents/Relatives/Guardians may find suitable accommodation at Sangareddy Town (located 4-5 Kms further away from campus and public transport services connect the town to the campus) as they would not be provided accommodation on campus
