About:

I am an MHRD-DRDO-Ph.D. student at the Indian Institute of Technology, Hyderabad; working with Dr Gangadharan Raju and Dr Vijayabaskar N (DRDO). My research is focused on Numerical and Experimental investigations in scaling of cylindrical shells under axial compression.

Education:

- *PhD., Mechanical and Aerospace Engineering, IIT, Hyderabad*

- *M.S., Mechanical Engineering, Politecnico di Milano, Milan*

- *B.Tech, Mechanical Engineering, Amrita Vishwa Vidyapeetham, Kollam*

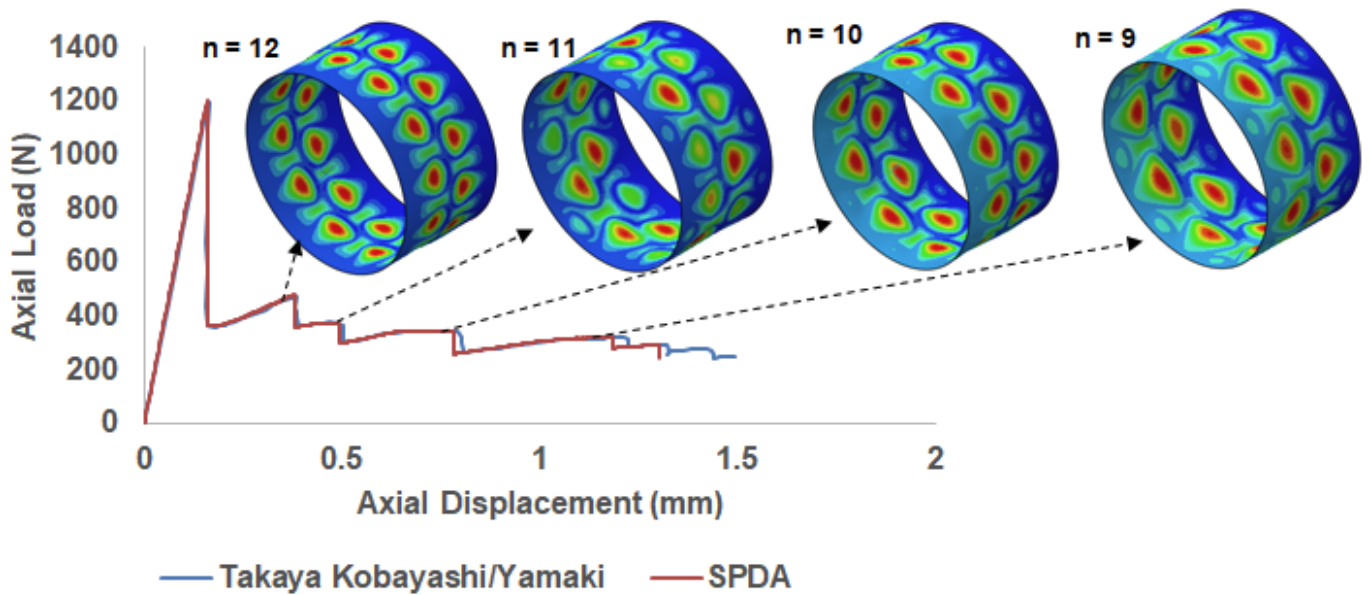

Industrial Experience:

- *Research and Development Engineer (Intern), AirBliss+ B.V., Eindhoven*

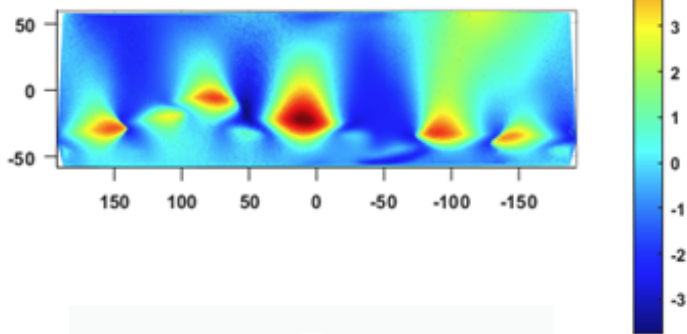

Research Work

Numerical Studies:

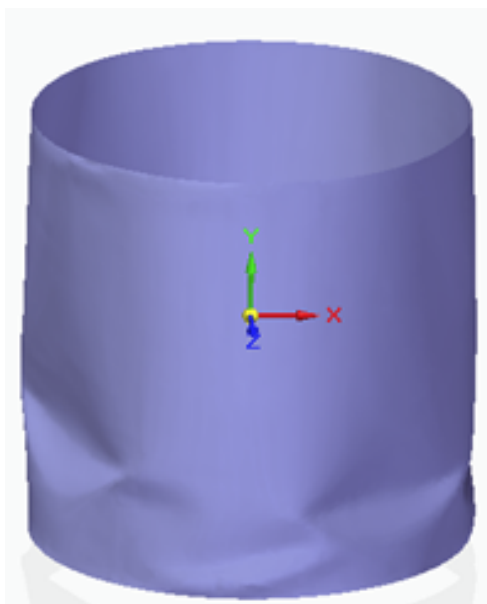

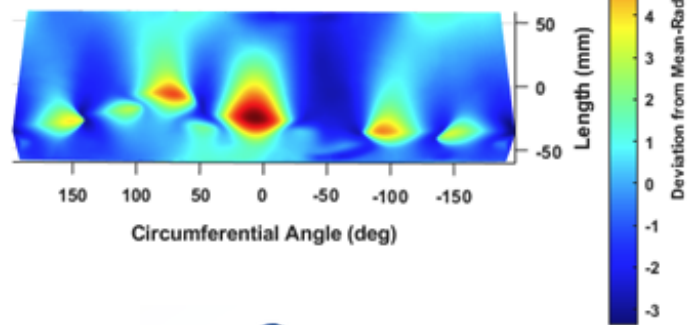

Measurement of Geometric Imperfections:

Digital Image Correlation

Laser Scan

Research Work

Multi-3D-Digital Image Correlation
